However, the hourly wages shall be calculated on a fifty-two (52) week basis.

C. All employees working a shift commencing after 2:59 p.m. on any day shall be compensated for all hours worked on such shift at a rate of ten percent (10%) in excess of their straight time hourly rates and for a shift commencing after 10:59 p.m.

at fifteen percent (15%) in excess of such straight time hourly rates.

Any employee who is injured in the line of duty shall continue to receive his regular shift differential during his injury on duty leave.

- F. Each employee covered by this Agreement shall receive at the fifth (5th) anniversary of his employment an increase in his annual base salary of Five Hundred Dollars (\$500.00) per year; at the tenth (10th) anniversary of his employment an additional increase in his annual base salary of Five Hundred Dollars (\$500.00) per year (a total of One Thousand Dollars (\$1,000.00) per year); at the fifteenth (15th) anniversary of his employment an additional increase in his annual base salary of Five Hundred Dollars (\$500.00) per year (a total of Fifteen Hundred Dollars (\$1,500.00) per year); at the twentieth (20th) anniversary of his employment an additional increase in his annual base salary of Five Hundred Dollars (\$500.00) per year (a total of Two Thousand Dollars (\$2,000.00) per year); at the twenty-fifth (25th) anniversary of his employment an additional increase in his annual base salary of Five Hundred Dollars (\$500.00) per year (a total of Twenty-Five Hundred Dollars (\$2,500.00) per year); at the thirtieth (30th) anniversary of his employment an additional increase in his annual base salary of Five Hundred Dollars (\$500.00) per year (a total of Three Thousand Dollars (\$3,000.00) per year); at the thirty-fifth (35th) anniversary of his employment an additional increase in his annual base salary of Five Hundred Dollars (\$500.00) per year (a total of Thirty-Five Hundred Dollars (\$3,500.00) per year); at the fortieth (40th) anniversary of his employment an additional increase in his annual base salary of Five Hundred Dollars (\$500.00) per year (a total of Four Thousand Dollars (\$4,000.00) per year); at the forty-fifth (45th) anniversary of his employment an additional increase in his annual base salary of Five Hundred Dollars (\$500.00) per year (a total of Forty-Five Hundred Dollars (\$4,500.00) per year); at the fiftieth (50th) anniversary of his employment an additional increase in his annual base salary of Five Hundred Dollars (\$500.00) per year (a total of Five Thousand Dollars (\$5,000.00) per year).
- G. **Compensatory Time**
 - 1. This Agreement shall supersede and replace the parties' March 14, 2005 Agreement in its entirety.
 - 2. The City and Union agree that when an officer would normally be entitled to overtime at a rate of one and one half (1½) times his/her hourly rate for hours worked, the officer may elect to receive compensatory time in lieu of overtime pay calculated at one and one half (1½) times the number of hour actually worked.
 - 3. No employee may accumulate more than forty (40) hours of compensatory time at any time.

4. All compensatory time must be utilized within twelve (12) months following the date of its accrual. Failure to utilize earned compensatory time within twelve months of its accrual will result in the hours being forfeited without compensation to the officer.
5. Notwithstanding Number 4 above, the Chief of Police, in his sole discretion, may allow an officer to carry forward compensatory time beyond twelve (12) months in cases such as long-term illness or extended on the job injury where the officer is not able to utilize the compensatory time within that period but the officer is expected to return to work.
6. Unused compensatory time will have no "cash out" value and will be forfeited if unused at the time of an officer's separation of employment, for any reason.
7. An officer must schedule the use of compensatory time in either four (4) or eight (8) hour increments and indicate that he/she is utilizing compensatory time at the time he/she submits his/her requests for time off.
8. All requests for time off using compensatory time must be recorded in a vacant slot in the "Day Off Book" and will be approved in accordance with the existing procedure for granting any other request for paid time off (other than sick).
9. Requests for the use of compensatory time off in hourly increments may be approved provided that it does not cause the number of personnel on duty to fall below minimum manning during the period the officer has requested off.

4. **HOURS AND WORK WEEK**

All present practices and procedures concerning scheduling days off and tours of duty shall remain in effect subject to the following provisions:

- A. No member will work more than two hundred forty-three (243) tours per year. Members, who work steady day shifts, shall receive eighteen (18) day-off slips per years. Members who presently work a schedule of tours of less than two hundred forty-three (243) appearances, will maintain such schedule, and will not be entitled to any slips. Members who work a schedule of tours in excess of two hundred forty-three (243) appearances will receive slips equal to the difference between the number of appearances they are scheduled to work and two hundred forty-three (243). The basic work schedule shall be a two (2) tour system consisting of a 7:00 a.m. to 3:00 p.m. cycle followed by a 3:00 p.m. to 11:00 p.m. cycle, and then back to the 7:00 a.m. to 3:00 p.m. cycle, and so forth. There shall be a cycle of straight late tours consisting of tours of 11:00 p.m. to 7:00 a.m. Such system of late tours shall be on a voluntary basis with seniority being the determining factor. For this purpose, there shall be a system of bidding with shifts being posted at least thirty (30) days prior to their commencement. In the event that there are not sufficient volunteers to man such late tours, these tours shall be assigned on an inverse seniority basis, and each assignment will start with the lowest eligible officer in seniority. **For the purpose of this section, seniority shall be considered as commencing upon the date of the first bid cycle following the completion of a member's probationary FTO Program. If a probationary member successfully completes his/her probationary FTO Program but is still on probation while a late tour bid cycle is in effect, he/she may be called back, volunteer, or otherwise work on an overtime basis during a late tour of 11:00 p.m. to 7:00 a.m. until the end of that cycle. If he/she terminates his/her probation while a late tour cycle is in effect, he/she may be called back, volunteer, or otherwise work on an overtime basis during**

the late tour until the end of that cycle. For the welfare of individual officers, a different schedule may be agreed to with the consent of both the Chief of Police and the President of the S.P.A. Also, members, if suffering a hardship, shall be entitled to be relieved of the steady late tours with the consent of the Chief of Police, which consent shall not be unreasonably withheld. The late tour shall be the six (6) month cycle, and no member shall be required to again work such late tour for the minimum period of one year from the end of such previous cycle. Members shall be entitled, on a rank by rank basis, to swap tours of duty regardless of time in grade. The rotating shifts shall be four (4) days on and seventy-two (72) hours off; four (4) days on and fifty-six (56) hours off OR five (5) days on and seventy-two (72) hours off; five (5) days on and eighty (80) hours off. The steady late tours shall be four (4) days on and sixty-four (64) hours off OR five (5) days on and sixty-four (64) hours off; five (5) days on and eighty-eight (88) hours off.

- B. To the extent followed by present practice all hours in excess of each employee's normal work week shall be compensated for at one and one-half (1½) times such employee's regular straight time hourly rate.
- C. Any employee required to be in court in connection with a criminal proceeding (including the Circuit Court docket for so called motor vehicle violations) at a time when the employee would otherwise be off-duty shall receive an additional full day's pay at one and one-half (1½ times his/her regular straight time hourly rate) regardless of the number of hours required to spend in court or the number of proceedings involved whether at the same or different locations. If a member is required to spend over eight (8) hours in court, he shall be compensated at the regular overtime rate. Any amounts received by the employee from the State of Connecticut shall be deducted from the above payment.
- D. Each employee shall be given a minimum of four (4) hours work at one and one-half (1½) times his regular straight time hourly rate if called back to work after completion of his regular tour of duty.
- E. Any employee required to work on a day other than that regularly scheduled for him shall be compensated for such day at one and one-half (1½) times his regular straight time hourly rate unless he shall have received five (5) days prior notice of such change of schedule.
- F. Overtime work shall be offered to all employees covered by this Agreement on an equitable and volunteer basis before engaging special policemen, except under such circumstances as make it impractical to offer the work to a member of the bargaining unit. All such work will be offered on a rank for rank basis unless no employee in the appropriate rank is available, in which case the work will be offered to the next higher rank if offered to all.
- G. No overtime shall be worked except with specific authorization of the employee's superior officer or in the event of emergency.
- H. All compensation for overtime shall be paid monthly, and all checks for overtime, standby time, court time, minimum manpower, holiday pay, shift differentials and the like shall be itemized as to the dates and reasons for such payments on an itemized statement thereof and shall accompany each such check.

- I. Each employee required to work seven (7) consecutive days in any week shall be compensated at twice his regular straight time hourly rate for all hours worked on such seventh day.
- J. Anyone qualified as an interpreter shall be compensated with an extra hour pay while serving as an interpreter at the direction of a superior officer. This shall mean that if the member is off duty, he shall receive a minimum of four (4) hours pay at the double time rate; and, if the member is on duty, he shall receive an additional one (1) hour pay for each hour so worked. If an off-duty member must be called, members shall be provided an opportunity to interpret on a rotating basis.
- K. Officers shall be called back to work for the City's Special Events (e.g. parades, fireworks, marathon, etc.) on an inverse seniority basis after available volunteers are first offered such assignment.
- L. All off-duty, extra duty employment, shall be offered to employees covered by this Agreement before engaging special policemen, flagmen or volunteers. Extra duty employment includes the following areas but is not limited to: All traffic control required by street opening permits, all sporting events and public gatherings, all security at public and Board of Education buildings and grounds, and all other security and traffic control functions as they become available.

The Memorandum of Understanding settling MPP-17,100, attached hereto as Appendix IV is hereby incorporated and made part of this Agreement.

- 1. Without effecting past work and/or payments, effective upon execution of this agreement, extra duty assignment(s) shall be paid at the rate of sixty dollars (\$60) per hour. The rate shall remain at sixty dollars (\$60) per hour until and unless the contractual rate of one and one half sergeant's pay exceeds that amount as a result of a general wage increase. Upon that event, the extra duty rate shall be one and one half sergeant's pay per the Collective Bargaining Agreement and successor Agreements.

Notwithstanding the above, all work ultimately paid for by the City shall be at fifty dollars (\$50) per hour through June 30, 2009, at which time the rate shall be increased to sixty dollars (\$60) per hour until and unless the contractual rate of one and one half sergeant's pay exceeds that amount as a result of a general wage increase. Examples of work ultimately paid for by the City include but are not limited to road paving, street repair, catch basin replacement, Board of Education events, street light/traffic signal maintenance, etc.

Extra duty work which the parties deem "permit work" shall have a minimum of four (4) hours pay. Permit work in excess of four (4) hours, but less than eight (8) shall be paid at a minimum of eight (8) hours, and permit work in excess of eight (8) hours, but less than twelve (12) shall be paid at a minimum of twelve (12) hours.

Non-permit extra duty work for the Board of Education shall have a minimum

of four (4) hours pay and then hour for hour after that.

All other privately contracted extra duty work and all extra duty work ultimately paid for by the City shall have the following minimum hourly payments:

- Minimum of four (4) hours, if in excess of four (4) hours, then
 - Minimum of six (6) hours, if in excess of six (6) hours, then
 - Minimum of eight (8) hours, if in excess of eight (8) hours, then,
 - Minimum of ten (10) hours, if in excess of ten (10) hours, then
 - Minimum of twelve (12) hours.
2. Any assignment requiring three (3) or more officers will have a supervisor who shall be paid at the rate of fifteen percent (15%) above the extra duty rate.
 3. Without effecting past work and/or payments, effective upon the execution of this Agreement, extra duty assignments scheduled during the following Holiday hours shall receive double the regular extra duty rate:
 - a. Thanksgiving Day - All Day.
 - b. Christmas - from 6:00 p.m. Christmas Eve through 11:59 p.m. Christmas Day.
 - c. New Years - from 6:00 p.m. New Years Eve through 11:59 p.m. New Years Day.
 4. Effective upon execution of this Agreement, for any job where a street opening permit is issued by the City of Stamford and requires manual traffic control, the Bureau of Auxiliary Services of the Stamford Police Department should be notified a minimum of forty eight (48) hours prior to the start of such extra duty assignment. If so notified, the Bureau of Auxiliary Services shall have until 9:00a.m. on the day prior to the scheduled start of such assignment to fill the assignment from the rank of employees covered by this Agreement. In the event that no member of the Association is available, or accepts the assignment, the contractor shall be so notified and the City may authorize the contractor to fill the job in accordance with applicable legal authority. If the Bureau of Auxiliary Services is not notified by the contractor forty-eight (48) hours prior to the start of such extra duty assignment, the Bureau of Auxiliary Services shall fully exhaust the pool of available members of the Association before permitting others to be hired for the assignment.
- M. Captains may be assigned to a tour of duty which begins and ends no more than two hours before or after the regular 7:00 a.m. - 3:00 p.m. or 3:00 p.m. - 11:00 p.m. tours of duty.
- N. The Chief of Police, in his sole discretion, may assign patrol Lieutenants to a specific geographic area and detective lieutenants to a specialized command (such as, but not limited to, Crimes Against Persons, or Crimes Against Property). Lieutenants assigned to Patrol or Criminal Investigations may be assigned, by the Chief, to

work a flexible eight (8) hour daily schedule. Such flex schedule will be set by each Lieutenant, with the final approval of the Chief of Police or his designee. The current late tour Lieutenant schedule shall remain in effect. The following shall apply:

1. From 7:00 a.m. through 11:00 p.m. there shall always be a minimum of one Lieutenant or Captain on duty supervising the Patrol/Criminal Investigations Division. A Lieutenant or Captain, assigned outside of the patrol or Criminal investigations division, shall not be used to fill the staffing requirement during their regularly assigned tour of duty.
2. A minimum of one (1) Lieutenant working the late tour.
3. Lieutenants will receive the applicable shift differential payment for all hours actually worked during any shift differential period, as outlined in Section 3C and 3E of this agreement.

B.

In all years other than the year of retirement, employees may use vacation leave prior to its accrual for the purpose of taking time off from work.

Effective July 1, 2016, vacation days shall be accrued on a monthly basis according to the total annual amounts set forth in the above sub Section A. If an employee leaves employment or retires prior to the end of the fiscal year, the employee shall be eligible for payment of his/her unused vacation leave accrued as of his/her separation or retirement date. If an employee leaves employment or retires at a date prior to having accrued the amount of vacation used, the employee shall repay the City for all vacation leave used but not yet accrued at the time of separating employment.

Effective July 1, 2017, employees may carry over up to one (1) year's unused vacation leave from the prior fiscal year into a second vacation bank up to the employee's maximum annual accrual amount as set forth above in sub section A, capped at a maximum of 25 days for employees with more than 20 years of service. If the employee retires within that fiscal year, the employee may be paid out for the vacation leave in his/her second vacation bank and may also be paid out for any vacation leave accrued during the fiscal year of his/her retirement. However, the vacation leave in the employee's second vacation bank may only be paid out if the employee retires in that fiscal year.

Employees shall not be allowed to use more than twenty five (25) days in any fiscal year. Employees may use their accrued vacation leave, whether accrued in a fiscal year or in their second vacation bank, under the terms of Article 9, Section N.

Examples follow:

Example 1

Employee with 18 years of service under above sub section A accrues 20 working days of vacation in fiscal year 2016-2017. Employee uses none of those days in fiscal year 2016-2017. At end of 2016-2017 fiscal year, employee may carry over up to 20 days into a second vacation bank for fiscal year 2017-2018. If employee retires during fiscal year 2017-2018 on December 1, 2017, and still has the 20 days, the employee may be paid out for the 20 days of vacation in his/her bank upon retirement. Any additional vacation accrued for fiscal year 2017-2018 on a monthly basis (i.e. 8.3 days based on monthly accrual based on 1.66 days/month from July 1, 2017 to December 1, 2017) does not add to the employee's 20 day bank of carried over vacation, but the additional 8.3 accrued days must be used or paid out during fiscal year 2017-2018 before retirement.

Example 2

Employee with 21 years of service under above sub section A accrues 25 vacation days in fiscal year 2016-2017, and uses three (3) of those days during that fiscal year. At end of the fiscal year, Employee will be able to carry over 22 days into a second vacation bank for fiscal year 2017-2018. If employee retires during fiscal year 2017-2018 on December 1, 2017, and still has the 22 days, the employee may be paid out for the 22 days of vacation in his/her second vacation bank. Any additional vacation accrued for fiscal year 2017-2018 on a monthly basis (i.e. 10.4 days days based on monthly accrual of 2.08 days/month from July 1, 2017 to December 1, 2017) may be used to supplement the 22 days up to the cap of 25 banked days for an employee with 21 years of service and may be paid out at retirement, and the remaining 7.4 accrued vacation days for that fiscal year must be used or paid out during fiscal year 2017-2018 before retirement.

- C. All vacation, day off or holiday slips properly accumulated prior to December 2, 1978 shall not be affected by any of the provisions of this Agreement and shall have a full life value until used.
- D. Vacation pay shall be based on regular weekly salary.
- E. Vacations shall be selected on a seniority basis, rank for rank; i.e., patrolmen pick with patrolmen, sergeants pick with sergeants, etc.
- F. Employees will have the annual option of cashing in up to ten days of vacation which has been accrued but not used during each fiscal year and said amount

will be paid to the employee as soon as possible after June 30th but no later than 60 days.

7. **SICK LEAVE**

- A. Each employee shall be eligible to earn paid sick days for absence due to non-work-related illness or injury at the rate of 1.25 days for each full month of service up to fifteen (15) days per year.
- B. Each employee shall be entitled to carry over unused sick days in any calendar year up to a maximum of 200 sick days. Accumulated sick days may be used to receive pay for absences due to non-work-related illness or injury in any year in which an employee has used his or her sick days for that year.
- C. Sick pay for absences due to non work-related illness or injury will be at the employee's regular rate of pay at the time the leave is taken.
- D. Sick days will not be deducted for absences due to work related injuries or illnesses, provided the employee files a workers' compensation claim and said claim is not contested. In the event the workers' compensation claim is contested, the employee's sick bank will be charged for the absences during the pendency of the claim. If the employee is awarded workers' compensation benefits, all charged sick days will be restored to the employee's sick leave bank, and the absence will be treated as injured on duty leave.
- E. Upon death or retirement, including early or disability retirement, of a member of the Stamford Police Department, the employee or his/her estate shall receive payments for 50% of his or her accumulated sick days at his or her then current regular rate of pay, or in lieu of a pay-out the officer may elect to trade-in his/her accumulated sick leave for pension credit under Section 9N below.
- F. If an employee is absent for non-work related illness or injury on a day immediately preceding or following his or her vacation day, holiday, or regularly scheduled day off, the Police Department shall have the right to require verification of the employee's illness before paying the employee for a sick day.
- G. If any employee is absent for non-work related illness or injury for 3 or 4 consecutive days, the Police Department shall have the right to require the employee to provide a physician's diagnosis and a verification that the employee was unable to work before paying the employee for any sick days.
- H. If any employee is absent for non-work related illness or injury for five (5) or more consecutive days, the employee is required to provide a physician's diagnosis and a verification that the employee was unable to work before the employee will be paid for any sick days.
- I. If an employee is absent for non-work related illness or injury either for 30 consecutive days or for 30 days in a six month period, the employee will be required to take a physical examination to demonstrate his or her fitness for return to duty and

to verify that the employee was unable to work before the employee will be paid for any sick days.

- J. When an employee exhausts his or her sick bank, he or she may apply to the Police Department for an unpaid medical leave of absence. The Police Chief shall have the discretion to grant an unpaid medical leave of absence for either 30 or 60 days. If the employee will not be able to return to work at the end of such unpaid medical leave, the employee may apply for an extension of the unpaid medical leave of absence prior to its expiration. The Police Chief and the Police Commission may, at their discretion, grant an extension to provide the employee with no more than a total of 1 year of unpaid medical leave of absence. No employee shall be granted unpaid medical leave of absence without providing a physician's diagnosis and prognosis for the employee to recover and return to full active duty within the leave period.
- K. Family and medical leave requests under this section shall be counted towards an employee's federal Family and Medical Leave. Paid leave shall be counted towards leave under the FMLA. The City is not responsible for providing health insurance benefits to employees on leave beyond that required by law. Employees requesting leave under FMLA must use all accrued paid leave time prior to receiving leave without pay, except an employee may preserve up to a total of two (2) weeks accrued leave time (vacation and/or sick) for use after returning from leave under the FMLA.
- L. An employee who is unable to perform his or her duties and who has exhausted his or her sick bank, and who is not on an unpaid medical leave of absence, shall be separated from service.
- M. An employee who is separated from service under the provisions of this Article may apply for retirement benefits in accordance with the provisions of the Police Pension Plan.
- N. The Police Department may from time to time issue departmental policies and procedures governing absenteeism which are not inconsistent with this Agreement. Such policies and procedures shall be reviewed with the Union at least 30 days prior to their implementation by the Police Department.
- O. At the request of the Police Department or the Police Commission, and upon reasonable notice, any employee shall be required to appear before the Police Commission for review of the employee's sickness and absenteeism record.
- P. The Chief of Police may discipline an employee, up to and including discharge, for just cause for a failure to comply with the provisions of this Article or for otherwise abusing sick pay for absences. An employee who is so disciplined may file a grievance in accordance with this Agreement.
- Q. An employee who has worked overtime or extra duty and who books off sick for his next regularly scheduled shift may be required to submit a physician's diagnosis and verification that the employee was unable to work before the employee will be paid for such sick day. An employee shall not volunteer for overtime or extra duty unless he or she has worked his or her complete last regularly scheduled shift, **and this**

limitation applies for absences caused by both sick leave and injured on-duty leave. If an absence is the result of injured on-duty leave, this provision shall not apply to the employee's first return to work date after the initial injury or after a surgical procedure

- R. An employee who has filed a workers' compensation claim shall be placed on injured on-duty leave with pay for the period of his or her absence, subject to the provisions of paragraph D above. By placing an employee on injured on-duty leave the City does not waive any rights it may have under the Connecticut Workers' Compensation Act.
- S. An employee who is awarded workers' compensation benefits shall receive, in addition, the difference between the statutory benefits and his or her regular net pay, including shift differential, for the period of his or her authorized absence.
- T. The City may assign an employee who is on injured on-duty leave to light or limited duty consistent with the provisions of this contract and applicable State law.
- U. **EMERGENCY SICK LEAVE BANK**

Commencing upon the execution date of this Agreement, an emergency sick leave bank known as the Stamford Police Association Emergency Sick Leave Bank (SLB) is created and shall be administered by the City of Stamford in accordance with the provisions hereunder to provide emergency sick leave as hereinafter stated.

Employees may transfer any earned paid sick leave days to the SLB. To be eligible for the SLB, one of the following must occur: a) an existing employee must donate a minimum of one (1) day within one (1) month of the implementation of the SLB; b) any employee must have contributed a day during August of a succeeding year; or c) in the case of new employees, they must have contributed one (1) day within three (3) months of the date of hire. The Stamford Police Association shall forward a list to the Director of Human Resources indicating the names of those employees and the number of days contributed no later than September 1 of each year.

The City will deduct the donated sick leave from each donating officer's individual sick leave bank.

Any employee who has previously contributed will not be required to contribute any additional days to the SLB to maintain eligibility until such time as the balance in the SLB falls below 120 total days. At such time each participating employee shall contribute a minimum of one (1) additional day to remain eligible for the benefit. However, any eligible employee may contribute additional days as he/she desires.

The transfer of paid sick leave, from the SLB to an eligible individual, is to be used to provide additional paid sick leave for extreme hardship cases due to non-job related illness and/or injury and is not intended for casual sick use. Any sick time transferred under this section is not subject to the conditions of Section 7L of this Agreement.

An eligible employee shall request paid sick leave from the SLB by submitting his/her request to the Association.

The Association, on behalf of said member will submit the request directly to the Medical Review Officer (MRO), who is appointed as provided hereinafter, with a copy of such request to the Director of Human Resources.

1. Any eligible employee who satisfies the following criteria shall be entitled to receive the transfer of paid sick leave from the SLB:
 - a. Said employee must first fully exhaust his accumulated sick leave bank, and then exhaust any and all other accrued leave time;
 - b. Said employee has been on leave for a non-job related illness or injury for a minimum of thirty (30) consecutive calendar days. If a member has less than thirty (30) days accumulated leave time, then he/she must wait thirty (30) consecutive calendar days before he/she is eligible to receive transferred sick leave time from the SLB;
 - c. Said employee has submitted medical documentation from his treating physician to the MRO. The MRO shall be a licensed physician, appointed by agreement of both parties, for the duration of the Collective Bargaining Agreement, subject to reappointment by agreement of both parties. The medical documentation submitted shall detail the seriousness and nature of the illness or injury involved. The MRO shall confirm the seriousness and nature of the illness or injury involved utilizing said medical documentation;
 - d. If the MRO is unable to confirm the seriousness and nature of the illness or injury from the medical documentation as provided above, said MRO may conduct or send the employee to have an Independent Medical Examination (IME). The IME shall be performed by a licensed physician, with expertise in the field of the illness or injury presented, to confirm the treating physician's report. The decision of the MRO, or the IME, shall be binding and final and not subject to the grievance procedure outlined in this Agreement.
 - e. Nothing contained herein shall preclude a resubmission to the MRO based upon additional medical documentation.
 - f. Individuals are subject to continuing review by the MRO, to confirm the seriousness of the illness or injury. The MRO shall have the discretion to discontinue leave benefits under this provision if he/she determines that the individual is capable of returning to work.
2. In the event that the parties cannot agree upon the selection of said MRO, the City and the Association shall submit the matter to binding arbitration before M. Jackson Webber, Esq., under the rules of the American Arbitration Association (AAA), or another mutually agreed upon arbitrator as an alternate.
3. The costs of the MRO, the IME (if needed) and Arbitrator shall be borne equally by the City and the Association.

4. The transfer of paid sick leave to the SLB shall be in days, regardless of rank. Furthermore, the distribution of leave time from the SLB shall be in days, regardless of rank.
5. The maximum number of sick leave days an individual can receive, per fiscal year, from the SLB is sixty (60) days. The lifetime maximum number of sick leave days an individual can receive from the SLB is one-hundred twenty (120) days.
6. The Chief of Police, in his sole discretion, may authorize the use of additional sick leave days from the SLB to any member who has exhausted the maximum days set forth in paragraph (5) above. The Chief shall notify the Director of Human Resources of his decision to authorize or not authorize sick leave above the caps set forth in this section 5 above. The decision of the Chief of Police shall be final and not subject to the grievance procedure contained in this Agreement.

(e.g., If employee earns \$16,150.00 he/she is entitled to life insurance up to face value of \$16,000.00).

- a. The City shall provide and pay for a life insurance policy in the face amount of Four Thousand Dollars (\$4000.00) for each retired employee. B. Retiree Benefits

1. Pre Age sixty-five (65): The City will make available to employees, including eligible dependents, who retire with a pension from the City of Stamford Police Pension Fund, the medical benefits plan made available to active employees **and eligible dependents** from time to time, providing for hospital and medical benefits, but not including dental or vision benefits. **The P.O.S. plan shall cease to be available to employees who retire after June 30, 2019. In addition, employees hired after the City's ratification of this Agreement shall only have the HDHP plan coupled with a Health Reimbursement Account ("HRA") or City supplemental plan(s) available to them upon retirement.**

For employees hired prior to the City's ratification of this Agreement, all spousal medical benefits set forth herein shall remain in effect at the time of retirement with the following exception: if an employee marries or remarries after retirement, then the spousal medical benefit ends upon death of the employee. For employees hired after the City's ratification of this Agreement, the spousal medical benefit shall only apply to the spouse at the time of the employee's retirement.

2. Post Age sixty-five (65):

Upon an employee's Medicare eligibility, the City will have the option to either maintain secondary health insurance or move to a Medicare supplemental plan such as a Part F Insured Plan with a prescription rider, so long as the switch causes no reduction in benefits to the employees. The City maintains the option to switch back at any time without bargaining, so long as the switch causes no reduction in benefits to the employees. Coverage for the Medicare supplement will be available to the retiree and eligible dependent(s) as set forth herein.

If the retiree is not eligible for Medicare for any reason, the City will make available the POS Plan or the HDHP / HRA Plan under the same terms as available for for pre-65 retirees set forth herein until June 30, 2019 when the POS expires, and thereafter, make available the HDHP/HRA under the same terms available for for pre-65 retirees.

If the retiree is eligible for Medicare supplement and the eligible dependent spouse is not eligible for Medicare, the dependent spouse shall have access to and remain on the plan available to the retiree prior to enrollment in Medicare.

For employees hired prior to the City's ratification of this Agreement, all spousal medical benefits set forth herein shall remain in effect at the time of retirement with the following exception, if an employee marries or remarries after retirement, then the spousal medical benefit ends upon death of the employee. For employees hired after the City's ratification of this Agreement, the spousal medical benefit shall only apply to the spouse at the time of the employee's retirement.

All retirees, current and prospective, shall be entitled to avail themselves of additional hospital, and medical benefits without effecting their right to continue participating in the hospital and medical coverage offered to retirees of the Stamford Police Department of the City of Stamford so long as they continue to pay the required premium/cost for such coverage by the City of Stamford. If such retiree avails himself/herself of such other medical coverage, the coverage provided by the City of Stamford shall be deemed secondary and the subsequent coverage shall be deemed as primary coverage. If said subsequent coverage offers a retirement medical package and said retiree is eligible for same, then said retiree must elect the subsequent retirement package as primary and the coverage offered by the City of Stamford as secondary. If the retiree is not eligible for or such subsequent retirement benefits are not available to said retiree, then the coverage of the City of Stamford shall be deemed primary coverage for said retiree and his enrolled dependents so long as he has maintained said coverage by paying the required premiums. If said retiree has not continued to participate in the City of Stamford retirement medical benefits package by paying the necessary costs and does not have any other hospital and medical benefits available to him, then he shall be entitled to rejoin the City of Stamford retirement medical benefits plan by recommencing payment of the necessary premiums for said coverage.

C. Retiree Costs

1. **Retire Before Age fifty-five (55):**
 - a. **Cost to age 65:** To receive medical coverage, the retiree must pay one-third (33.33%) and the City will pay two-thirds (66.66%) of the cost of such medical benefits plan. **For employees participating in the HDHP/HRA plan upon retirement, the deductible funding by the City shall be the amount paid for active employees as of the date of retirement but no less than 50%.**
 - b. **Cost Post 65:** The retiree must pay one-third (33.33%) of the cost for the supplementary coverage as referenced in Section 8(B) (2) above.

supplementary coverage made available to retirees under this Agreement. For any employee hired before the ratification of this Agreement who chooses the HDHP/HRA plan upon retirement or for any current retiree who chooses to participate in the HDHP/HRA, the City shall fund 75% of the deductible for the HDHP until the retiree reaches age 65. Such funding shall be made on or about July 1 of each year.

The following shall apply for employees hired after the City's ratification of this Agreement: the employee shall pay forty five percent (45%) of the cost for such medical benefits plan made available to retirees under this Agreement if the employee retires at age fifty nine (59) or less. The employee shall pay forty percent (40%) of the cost for such medical benefits plan made available to retirees under this Agreement if the employee retires at age sixty (60) to sixty five (65). For employees participating in the HDHP/HRA plan upon retirement, the deductible funding by the City shall be the amount paid for active employees as of the date of retirement but no less than 50%. In either case, the retiree shall participate in Medicare Part A and B at age sixty five (65), with the retiree paying for Medicare Part B. The City shall pay for one hundred percent (100%) of a Medicare supplemental plan or a Medicare Part F insured plan with a prescription rider.

3. Each employee, who hereafter retires and when sixty-five (65) years of age or older, shall receive premium reimbursement for coverage they pay for under Medicare Part B. The cost of such coverage shall be borne by the City of Stamford Police Pension Fund. The City may, at its option, provide Medicare Risk contract(s) to retirees voluntarily, as an alternative to the supplemental coverage.
4. Effective July 1, 2016, all active employees shall contribute one percent (1%) of the Top Step Patrol Rate each payroll period into an OPEB Trust to help fund retiree health insurance costs. Employees shall not be required to make a contribution after thirty (30) years of service. The above employee contribution toward OPEB shall be made in accordance with the applicable Internal Revenue Service Code requirements, and will be made on a pre-tax basis if permitted.
5. For all employees hired prior to the City's ratification of this Agreement, the City agrees not to implement changes to the retiree costs or deductible funding for the applicable health insurance plan established in this Agreement for a period of seven years from the ratification of this Agreement. The City may propose and negotiate such changes, but any changes shall not be implemented until after the foregoing seven year period from ratification of this Agreement. This limitation does not apply to employees hired after the City's ratification of this Agreement, and this limitation does not apply to contributions made by employees to fund the OPEB trust outlined in this Agreement.

D. Waiver of Coverage. An employee who is eligible for health benefits provided by

the City and where such benefits are extended to his/her spouse and/or child(ren), the employee may voluntarily elect, subject to Section 125 of the Internal Revenue Code, to waive all medical/dental/vision benefits, and in lieu thereof, be remunerated an annual amount of seven hundred and fifty dollars (\$750), provided the employee has notified the Benefit Manager's Office during the enrollment period. In order to be eligible for this annual payment, the employee must provide evidence of similar coverage under another group health benefit program. If an eligible employee has waived his/her insurance benefits the previous year, and does not notify the Benefit Manager's Office of his/her selection for the coming fiscal year, the waiver will remain in effect. Payment for the waiver will be made in two (2) equal installments, six (6) months apart (January and July).

An eligible employee choosing this option shall be able to rescind such option during the annual open enrollment window period, or as a result of a change in "family status". A change in "family status" results from the eligible employee's marriage, divorce, birth or adoption of a child, death of a spouse or child, or the loss of other health benefit coverage. An employee wishing to change this waiver option must give the Benefit Manager's Office at least fifteen (15) days advance written notice. If such option is rescinded, all prior rescinded coverage will become effective at the beginning of the month following the written notice to reinstate such coverage. An eligible employee who reinstates health benefits during the medical plan year must reimburse the City the money received for waiving such insurance coverage. In lieu of a lump sum payment, the employee may elect to reimburse the City by payroll deduction over a six (6) month period.

Employee Contributions:

Effective July 1, 2016, the POS and HDHP HSA options provided by the City herein shall include a cost sharing by covered employees as follows:

Employees shall contribute the following percentages of the self insured equivalent rate for the P.O.S. plan:

July 1, 2016:	16%
July 1, 2017:	17%
July 1, 2018:	18%

Employees shall contribute the following percentages of the self insured equivalent rate for the HDHP/HSA plan:

July 1, 2016:	12%
July 1, 2017:	12%
July 1, 2018:	12%

The HDHP shall have a \$2000/\$4000 deductible, and the City shall fund the deductible for the HDHP/HSA plan according to the following schedule:

July 1, 2016:	60%
July 1, 2017:	55%
July 1, 2018:	50%

The City shall fund the foregoing deductible amounts in full as of July 1, 2016 and July 1, 2017 or no later than 10 days after. Thereafter, the City shall semi-annually fund the deductible with one half of the annual deductible amount on July 1 and one half on January 1 of each year or no later than 10 days thereafter.

The employee contributions for the plans above shall be made pursuant to Internal Revenue Service Code Sec. 125 on a pre-tax payroll deduction basis. It is presumed that as a member of the bargaining unit, individual payroll deduction authorizations are not required due to their representation by the union and the mandatory requirement of the employee to be eligible for medical and prescription drug benefits.

F.

1. Administration of Benefits. The City will provide the medical, dental, vision and/or prescription drug benefits as set for in this Agreement through a properly licensed insurance company in the State of Connecticut, or through an alternative self-insured arrangement. If benefits are self-insured by the City, employees shall have all claims adjudicated in conformance with applicable confidentiality standards, along with the same rights of appeal extended by the service provider as if the benefits were insured. In no event shall, the coverages and benefits provided through an alternative insurance carrier, managed care vendor, either self-insured or self-administered be less than the benefits and coverage's as set forth in APPENDIX III. The size and scope of a preferred provider network of physicians, hospitals, dentists, optometrists, etc. shall not

be a factor in determining the duplication of benefits by an insurance carrier or managed care vendor. It is agreed that an alternative insurance carrier or managed care vendor can be selected by the City provided that the new insurance carrier or managed care vendor network includes seventy (70%) percent of the hospitals and physicians in Fairfield County of the original preferred provider network of hospitals and physicians. The City retains the sole and exclusive right to select and/or change insurance carriers or managed care vendors. The City shall review any proposed changes with the Union prior to implementation, and if there is a disagreement on the level of benefits, coverage's or services provided with the proposed insurance carrier and/or managed care provider, the Union may submit the issue to binding arbitration.

Should any excess deduction by the employees from their payroll remain at the end of a calendar year, such remainder shall first be used to offset any losses or administrative costs of the plan, and any further remainder shall be donated to the Special Olympics.

9. PENSIONS

- A. A present pension plan as provided for in the Charter of the City of Stamford (including provisions with respect to Veterans Reserve), the previous Collective Bargaining Agreements and a certain agreement between the parties hereto dated June 16, 1971, shall remain in effect except as provided for below.
- B. Effective July 1, 1998, in addition to the existing method of calculating base salary for pension benefits, the equivalent value of fourteen (14) paid holidays, whether taken as paid leave or “cashed in”, shall be added to the employee’s base salary for pension calculation purposes only. Employee pension contributions shall be deducted from the value of said days. - F. **Employees hired prior to the City’s ratification of this Agreement** shall not be required to make any pension contributions after thirty (30) years of service. If the member suffered a work related illness or injury, including a mental disability, for which a disability rating was not obtained in the Workers Compensation process, then the member will be entitled to a disability pension under this paragraph if at least two out of three independent medical physicians selected by the Pension Board concur that said member has a permanent/partial disability of thirty percent (30%) or a combined permanent/partial disability of thirty percent (30%) or more of any part of his/her body, including mental disability, and also at least two out of three of said independent medical physicians concur that said member is unable to meet the physical or mental requirements of an entry level patrolman for the Stamford Police Department.**
- L. Effective July 1, 1997, for any employee who thereafter retires on a 100% disability pension, the City shall pay one hundred percent (100%) of the cost for the retiree medical insurance package as contained in this Agreement.
- M. The City of Stamford Police Pension Plan shall be revised to include future retiree pension adjustments as set forth in APPENDIX II.

- N. Effective July 1, 2001, upon death or retirement, including early or disability, an employee may elect one of the following options:
1. An employee hired prior to the City's ratification of this Agreement may trade in fifty percent (50%) of his/her accrued sick leave days, for additional pension credit. The calculation will be based on twenty (20) sick leave days equating to an additional one and one-half percent (1.5%) added to his/her pension, up to a maximum of seven and one-half percent (7.5%); or
 2. An employee may elect to receive a one-time, lump-sum pay out of fifty percent (50%) of his/her accrued sick leave days, at his/her then current regular rate of pay; or
 3. An employee hired prior to the City's ratification of this Agreement may elect a combination of options A and B above, which in total may not exceed fifty percent (50%) of his/her accrued sick leave days.

For example:

Under Option #N1 (above): Officer X has two hundred (200) sick leave days at retirement. He elects to trade in fifty percent (50%) of his sick leave days (one hundred (100) days), for pension credit. Officer X would receive seven and one-half percent (7.5%) additional pension credit; or

Under Option #N2 (above): Officer X has two hundred (200) sick leave days at retirement. He elects to cash-in all fifty percent (50%) of his sick leave days (one hundred (100) days); or

Under Option #N3 (above): Officer X has two hundred (200) sick leave days at retirement. He is eligible to trade in fifty percent (50%) of his sick leave days (one hundred (100) days), for pension credit. Instead of trading in all one hundred (100) sick leave days for pension credit, Officer X elects to trade-in sixty (60) sick leave days for pension credit, totaling four and one-half percent (4.5%), under option N1, and elects to cash-in, the remaining forty (40) sick leave days, under option N2.

Employees with thirty (30) or more years of service as of July 1, 2001, who do not have accrued sick leave totaling two hundred (200) days, may trade in holiday leave days (up to 27), vacation leave days (up to 25) and/or personal leave days (up to two) for additional pension credit, not to exceed seven and one-half percent (7.5%). To be eligible under this paragraph, the employee must exercise his/her right to retire on or before June 30, 2005.

Any employee who at retirement has less than two hundred (200) accrued sick leave days may, in addition, trade in vacation leave not to exceed twenty-five (25) days, for additional pension credit. The total amount of sick/vacation days converted to pension credit shall not exceed seven and one-half percent (7.5%).

Catastrophic Contingency Clause: An employee, who uses one hundred (100) sick leave days in connection with a catastrophic illness or injury during the ten (10) year period prior to his/her retirement, will be permitted to receive donations of sick leave from other members of the bargaining unit. The total amount of donated sick leave shall not exceed one hundred (100) days. In

addition, said employee may trade holiday leave days (up to 27), vacation leave days (up to 25) and/or personal leave days (up to two) for additional pension credit, not to exceed seven and one-half percent (7.5%). An employee may not trade in donated sick leave days for cash pay-out.

O. For Employees Hired On or After March 5, 2002:

Each employee with prior full-time active military service in a branch of the United States Armed Forces shall be given credit as creditable service for purposes of determining his/her pension retirement allowance for each year of military service up to two (2) years (in increments of six (6) months). Said employee must elect to purchase his/her military service time and make the required contribution to the Stamford Police Pension Fund. Said election to purchase military service time must be made within the first six (6) months of his/her employment (commencing after successful completion of training at the police academy). Failure to exercise the election within the six (6) month period shall result in the employee's waiving this option. Said additional contribution to the pension fund shall be made within the first two (2) years following the election and shall be at the employee's existing rate of contribution times his/her annual salary for each year (in six (6) month increments) of military service time for which he/she wishes to purchase credit. The purchase of said military service time shall not be used to calculate the number of years to vest, but shall be added to the number of years of employment for pension purposes (i.e. 10 years of employment plus 2 years of military credit = 12 years of service for pension calculations; or, 20 years of employment plus 2 years of military credit = 22 years of service for pension calculations. Conversely, 8 years of continuous employment plus 2 years of military credit does not equal 10 years of service for vesting purposes; and 18 years of continuous employment plus 2 years of military credit does not equal 20 years of service for vesting purposes).

Employees exercising the election must execute the attached "Military Buyback Form" and submit it to the Chief of Police. Payment/checks shall be made payable to the "Stamford Police Pension Fund."

P. **DEFERRED RETIREMENT OPTION PLAN ("DROP")**

- 1. A Deferred Retirement Option Plan ("DROP") will be offered only to members of the Stamford Police Department who are active on the date of the City's ratification of this Agreement. The DROP is intended to provide an alternative retirement option to members who are eligible to retire. The City of Stamford and the Stamford Police Association agree that the DROP is intended to be cost neutral and, therefore, must be evaluated and adjusted based upon the latest published Police Actuarial Valuation report, which will be prepared and published at least annually, to maintain cost neutrality.**
- 2. An active police officer who is a member of the City of Stamford Police Pension Plan is eligible for the DROP upon reaching 20 years of service.**
- 3. A member must give the City ninety (90) days' notice, in writing, that he/she has**

- elected the DROP.
4. A member electing the DROP will be considered retired only with respect to his/her entitlement to pension benefits under the Police Pension Plan but will not be required to separate from active service or be considered separated from active service as a police officer with City of Stamford Police Department.
 5. Unless and except as otherwise provided in this section, members who elect the DROP shall remain as active police officers, subject to all the terms and conditions of employment applicable to active members of the City of Stamford Police Department, including the terms of the Collective Bargaining Agreement, through and including the completion of the DROP period.
 6. A member electing the DROP shall not be eligible for promotion within the Police Department during the DROP period.
 7. The DROP period is defined as the time after the member has elected the DROP commencing on the date of the first payment to the DROP (the "effective date") through the date that the member separates from active service with the City. The DROP period must begin on the first day of a calendar month and end on the last day of a calendar month.
 8. The member will accrue no further pension benefits after the DROP effective date.
 9. If the member uses his/her sick bank for pension credit, the member's sick bank shall terminate on the effective date of the DROP and, thereafter, the member shall accrue sick days at the rate of 1.25 days for each full month of service. The member may use sick days before they have accrued up to the maximum that can be earned during the member's DROP period. If the member's Drop period ends prior to the member's having accrued the amount of sick days used, the member shall repay the City, from the member's DROP record keeping account for all sick days used but not yet accrued at the end of the Drop period.
 10. When a member elects the DROP he/she will be entitled to all the benefits he/she is entitled to under the Police Pension Plan as of the effective date of the DROP with the following limitations and/or exceptions:
 - a. A member who elects the DROP will not be entitled to receive a disability pension under either Section 9(K) of the Collective Bargaining Agreement or Section C7-20-1 of the Charter of the City of Stamford during the DROP period. A member who has elected the DROP may apply for a disability pension to commence after he/she separates from active service with the City at the end of the DROP period. The amount of any disability pension subsequently awarded shall be based upon the member's salary on the effective date of the DROP.
 - b. During the DROP period, the member's pension payments shall be credited to a record keeping account for the member within the Police Pension Fund.
 - c. The DROP payment shall be calculated to ensure that the total value of the pension payments received by the member during the DROP period together with the pension payments received by the

- member after leaving active service at the end of the DROP period are the actuarial equivalent of the total value of the pension payments the member would have received if the member had not elected the DROP and began receiving a pension, without benefit of the DROP payment, to ensure cost neutrality to the Police Pension Fund. A slight change in the mortality assumption will be made to produce unisex factors based upon the gender split in the latest published Police Actuarial Valuation report. The DROP payment shall be determined by the Police Pension Fund Actuary based on the assumptions in the most recent published Police Actuarial Valuation report.
- d. The amount of the payments credited to the member's record keeping account during the DROP period shall be capped at the amount of the member's 100% monthly pension benefit as of the effective date of the DROP.
 - e. The payments credited to the member's record keeping account shall not be maintained in an account separate from the Pension Fund account and shall not accrue interest for the benefit of the member.
 - f. The monthly pension payment shall return to 100% of the member's pension benefit, calculated as of the effective date of the DROP, at the end of the DROP period when the member separates from active service as a police officer with the City of Stamford.
 - g. During the DROP period, member contributions to the Pension Plan shall cease. The DROP payments shall remain in the Plan and be credited to the member's recordkeeping account.
 - h. One hundred percent (100%) of the monthly pension payments credited to the member's record keeping account shall be paid to the member in a lump sum at the end of the Drop period as soon as possible but, in any case, no later than sixty (60) days after the employee separates from active service as a police officer in the City of Stamford. The member may either elect to rollover their DROP recordkeeping account to another qualified plan or receive a direct payment.
11. A member who has elected and commenced the DROP may not withdraw before the end of the DROP period unless the member separates from active service with the City of Stamford.
 12. The minimum length of the DROP shall be one (1) year and the maximum length of the DROP will be three (3) years. The DROP period shall be in increments of years. The member shall select the length of his/her DROP period upon electing the DROP.
 13. A member who has elected the DROP may separate from active service at anytime during the DROP period. At separation, the DROP period will end and the Pension Plan will commence paying the member's 100% pension benefit based upon the member's salary and pension accrual on the effective date of the DROP. In addition, the member will be eligible to receive all amounts in their DROP recordkeeping account.

14. A member who sustains an injury during the DROP period shall be treated as an active employee and, as appropriate, shall be entitled to receive Workers Compensation benefits as an active employee. If a member becomes disabled during the DROP period, he/she shall be entitled to receive, as appropriate, a disability pension under Section 9.K. of the Collective Bargaining Agreement or C7-20-1 of the City of Stamford Charter. If the member receives a disability pension, his/her DROP option shall revert, without penalty, to a disability pension based upon the member's salary on the effective date of the DROP and all DROP Payments will cease. In addition, the member will be eligible to receive all amounts in their DROP recordkeeping account.
15. The City of Stamford and the Stamford Police Association agree to meet no later than January 1, 2023 to assess and address the impact of the DROP.

If the supervisor does not question the mileage figure so provided within three weeks of his receipt of the memorandum, then the mileage figure for that month will be presumed to be correct. It is understood that a daily mileage log need not be kept by an employee. If a mileage figure is questioned and dispute arises, then such dispute may be the subject of a grievance. Failure to submit such memorandum for each month of the contract year shall give rise to a conclusive presumption that the mileage referred to above has not been exceeded.

12. PROMOTIONS AND ACTING RANK

- A. Promotions to an acting rank to fill a temporary vacancy resulting from vacations, sick leave or comparable reasons may be for the duration of such vacancy. Promotions to acting rank to fill a temporary vacancy prior to a permanent promotion shall be for a period not in excess of sixty (60) days.

Further, if the rank of captain is filled by a lieutenant, the rank of lieutenant must be filled. If the rank of lieutenant is filled by a sergeant, the rank of sergeant must be filled. However, the City, in its discretion, may make an appointment to fill the vacant position of patrolman but is not contractually obligated to do so.

If the sworn police officer who is appointed to a position of Deputy/Assistant Chief is removed from said position for any reason or wishes to resign from said position for any reason, he shall be, at his option, entitled to retire at the Deputy/Assistant Chief level if eligible for retirement or, if not so eligible, he shall be entitled to revert back to the sworn police position he had prior to his appointment to Deputy/Assistant Chief.

- C. Such officers and members of the Association, as may be designated by the Association President (Vice President when President is absent), shall be granted leave from duty with full pay for Association business such as attending labor conventions, educational conferences and other proper Association business, provided that the total leave for the purpose set forth in this section shall not exceed an aggregate of thirty (30) working days in any fiscal year for the entire Association unless the Chief of the Department shall determine, in his sole discretion, that any such leave in excess of thirty (30) working days in any fiscal year requested by the Association will benefit or be in the best interests of the Department as well as the employees involved, plus leave for the State Convention Conference of Police Associations, not to exceed seven (7) members with pay for one (1) day. The leave provided for herein shall not carry over from year to year. Any time such leave causes shift to fall below minimum, the City must hire back.

Said office is to be located within the administrative section of the building and is to be used as the "Executive Office" of said organization. Loss of said key shall be reported in writing to the Deputy Chief of administration and to the President of said Association, Inc., immediately. Aside from telephone service, the Stamford Police Association, Inc. agrees not to install any equipment within said office, which would overburden existing utilities, deface the physical plant or modify the structure of the building, without consultation and approval of the appropriate authorities. The Stamford Police Association further agrees that under extreme emergency circumstances, said office will be made available for use for other than Association business.

17. RESIDENCE

No employee who has four (4) years or more of service shall be required to live within the City of Stamford as a condition of his continued employment so long as he lives within a reasonable driving distance from the City of Stamford.

18. DAY OFF SLIPS

- A. Holiday slips shall be transferable between employees in the same job classification for the purpose of the transferee obtaining time off, and the transferee shall have the same rights with the respect to such slips as the transferor, provided that notice shall be given to the Department prior to each such transfer for the purpose of maintaining appropriate attendance and compensation records.
- B. All non-negotiable slips issued to employees shall have a two (2) year life span from the date of issue and must be utilized within that time span.
- C. All negotiable and non-negotiable day off slips accumulated prior to September 2, 1978 shall have a full life span until used by the employee.

19. MINIMUM MANPOWER

- A. No shift of men in the following uniformed shifts shall be assigned without a minimum of the following: For the 7:00 am. to 3:00 p.m. and 3:00 p.m. to 11:00 p.m.

shifts, there shall be a minimum manpower complement of eighteen (18) patrol officers, all below the rank of Sergeant. For the 11:00 p.m. to 7:00 a.m. shift, there shall be a minimum of eighteen (18) patrol officers. It is the intention of the parties to exclude from this minimum manpower requirement those employees who are assigned to fixed or steady positions and not available to immediate response (e.g., Garage Personnel, Marine Division, Personnel on Prison, Court or Hospital details, all inside personnel, etc.).

- B. For the 7:00 a.m. to 3:00 p.m. and 3:00 p.m. to 11:00 p.m. shifts, up to eight (8) rather than six (6) men on each shift shall be permitted paid leave. For the 11:00 p.m. to 7:00 a.m. shift, the amount shall remain at six (6). Without regard to the number of those off sick and in the event that the complement falls below minimum manpower, men shall be called back to duty to meet minimum manpower requirements on a rotating basis but first among those employees who are "regular off" on that day and listed in minimum manpower book.

Effective upon the execution of this agreement, the number of officers who shall be permitted to be on paid leave shall increase to ten (10) for the 7:00 a.m. to 3:00 p.m. and 3:00 p.m. to 11:00 p.m. shifts and to eight (8) for the 11:00 p.m. to 7:00 a.m. shift.

Effective July 1, 2003, the number will increase to eleven (11) for the 7:00 a.m. to 3:00 p.m. and 3:00 p.m. to 11:00 p.m. shifts and to nine (9) for the 11:00 p.m. to 7:00 a.m. shift. If this increase in the number of officers permitted to be on paid leave results in more than an insignificant amount of overtime, the number will revert back to ten (10) for the 7:00 a.m. to 3:00 p.m. and 3:00 p.m. to 11:00 p.m. shifts and to eight (8) for the 11:00 p.m. to 7:00 a.m. shift.

- C. Only two sworn Sergeants and Lieutenants assigned to be patrol supervisors will be allowed to take paid leave on any shift.

20. INTERRUPTION OF WORK

A. Should any employee or group of employees feel aggrieved, concerning his or their wages, hours or conditions of employment (including any claim that a permanent employee was removed, dismissed, discharged, suspended, fined or reduced in rank

without just cause), the employee may, within thirty (30) days of the event giving rise to the grievance, seek adjustment as follows:

1. The Association shall submit such grievance in writing to the Chief of Police, setting forth the nature and particulars of the grievance. The decision of the arbitrator shall be binding and conclusive upon the City and the Association.

The findings, decision or award of said arbitrator may be enforced by proper action in any court of competent jurisdiction.

In all cases of discharge, suspensions and/or demotions, the Association has the option to elect to use the services of the American Arbitration Association instead of the State Board of Mediation and Arbitration. In all other cases, either party may exercise such option for any four (4) cases each party may choose per fiscal year.

- C. The time limits specified in the preceding sections of this article may be extended by agreement of all parties.
- D. Nothing contained herein shall prevent an employee from presenting his own grievance and representing himself, up through the step preceding arbitration, however, only the Association can proceed to arbitration.

2. Thereafter, on January 1, of each third year (Effective Date), retroactive to the prior July 1, the pension benefit payable to each member who has attained age 62 and has received, or has been credited with, at least twelve (12) monthly pension payments prior to said July 1 of each third year (Eligible Member) shall be adjusted.
3. The adjustment shall be based upon the average annual investment return (Average Annual Return) earned by the City of Stamford Police Trust Fund for the 36 month period ending on July 1, six months prior to the Effective Date of the adjustment. The Average Annual Return shall be determined by the Plan's Trustee using the dollar weighted rate-of-return methodology. The Average Annual Return shall be determined as the geometric average of the annual return of each of the three years.
4. An adjustment account will be established as of July 1, 1995 with a zero balance. Beginning July 1, 1998 and on July 1 of each third year thereafter, the adjustment account balance will be re-determined as follows:
 - a. The adjustment account balance will equal the adjustment account balance as of the July 1 three years prior plus Item b(i)(c) less Item b(ii)(c) plus Item C minus Item d.
 - b. The adjustment account will be credited or debited for investment performance as follows:
 1. If the Average Annual return is greater than 10%, the adjustment account will be credited as follows:
 - i. Subtract 10% from the Average Annual Return.
 - ii. Multiply the result in item (i) by 50%.
 - iii. Multiply the result in item (ii) by the pension benefit obligation for each Member receiving or who is credited with monthly pension payments as of the July 1 six months prior to the Effective Date.
 2. If the Average Annual Return is less than 6% the adjustment account will be debited as follows:
 - i. Subtract the Average Annual Return from 6%.
 - ii. Multiply the result of item (i) by 50%.
 - iii. Multiply the result in item (ii) by the pension benefit obligation for each Member receiving or who is credited with monthly pension payments as of the July 1, six months prior to the Effective Date.

3. If the Average Annual return is greater than or equal to 6% and less than or equal to 10% no credit or debit will be made to the adjustment account.
 - c. The adjustment account will be credited with the Average Annual Return for each of the prior three years.
 - d. The adjustment account will be debited for adjusted pension payments (including interest at the Average Annual return rate) paid during the prior three years.
5. The percentage increase equals Item a less Item b divided by Item c.
- a. The adjustment account balance as of the July six months prior to the Effective Date of the adjustment.
 - b. The pension benefit obligation as of such July 1 for prior year adjustments for all Eligible Members.
 - c. The pension benefit obligation as of such July 1 for all Eligible Members.
6. The pension adjustment will be the percentage increase multiplied by the amount currently being paid to Eligible Members subject to the following limitations:
- a. If the percentage increase is greater than 4%, the percentage increase will be limited to 4%. Any excess adjustment account credit from Item 4(b) (1) (iii) will remain in the adjustment account.
 - b. If the percentage increase is negative, no adjustment will be made. Any excess adjustment account debit from Item 4(b) (1) (iii) will remain in the adjustment account.
7. The pension benefit obligation will be determined by the plan's actuary in accordance with actuarial assumptions with respect to interest and mortality as used in the most recent actuarial valuation report. Pension benefit obligation will have the meaning as such Item is defined in Government Accounting Standards Board Statement No. 5.
8. The adjustments referred to above shall be fully applicable to the eligible survivors of deceased Members as of the Effective Date such member became or would have become an Eligible Member.

A copy of this written Agreement will be filed with the Plan Trustees (Amendment and Declaration of Trust dated June 16, 1971). The Trustees shall formulate, adopt and promulgate in good faith investment plans, programs and decisions, in accordance with the Declaration of Trust provisions which in their opinion are desirable to facilitate the administration of the Plan consistent with the intent and provisions of this Agreement.

This Agreement CITY OF STAMFORD POLICE RETIREE PENSION ADJUSTMENTS, dated April 6, 1995, shall be incorporated into the parties July 1, 1991 to June 30, 1996 Collective Bargaining Agreement as amended or extended.

Below is an example illustrating calculations for earned Police Retiree Pension Adjustments.

Notwithstanding anything contained herein to the contrary, it is specifically agreed by the parties that nothing contained herein shall prevent any increase to current retiree benefits based upon

any voluntary negotiations and agreement of the parties or by operation of law.

First Adjustment

Plan assets: \$70,000,000
Pension benefit obligation: \$70,000,000 = 63,000,000 active + pre-94 retirees
 7,000,000 retired on or after 7/1/94
 1,750,000 over age 62 and retired
 12 months

Average annual return: 12%
Adjustment account credit: 1% x 7,000,000 = 70,000
Adjustment account: 0 + 70,000 = 70,000
Pension adjustment: 70,000/1,750,000 = 4%

Second Adjustment

Plan assets: \$78,000,000
PBO: \$75,000,000 = 67,000,000 active + pre-94 retirees
 8,000,000 retired on or after 7/1/94
 2,000,000 over age 62 and retired
 12 months

Average annual return: 14%
Adjustment account credit: 2% x 8,000,000 = 160,000
Adjustment account: 70,000 - 7,000 + 9,300 + 160,000 = 232,300
 (prior year balance - benefits paid
 + investment return + credit)

PBO for prior adjustments: 68,300
Pension adjustment: (232,300 - 68,300)/2,000,000 = 8.2%
 4% cap applicable

Third Adjustment

Plan assets: \$78,000,000
PBO: \$80,000,000 = 70,000,000 active + pre-94 retirees
 10,000,000 retired on or after 7/1/94
 2,500,000 over 65 retired 12 months

Average annual return: 4%
Adjustment account deficit: -1% x 10,000,000 = -100,000
Adjustment account: 232,300 - 14,800 + 9,000 - 100,000 = 126,500
PBO for prior adjustments: 144,600
Pension adjustment: (126,500 - 144,600)/2,500,000 = less than 0%
 0% cap applicable

APPENDIX III

BENEFITS SUMMARY DESCRIPTION

The Open Access HDHP and POS offers you the opportunity to use either Cigna OAP plus network or non- network health care providers each time you seek medical care, and still receive benefits for covered services.

Open Access HDHP and POS gives you a powerful new choice. You can work within the Cigna provider network (there are thousands of participating physicians and dozens of hospitals in the Tri-State network) or "opt out" choosing a provider not affiliated with Cigna. Care delivered both within and outside the network is recognized as a managed care benefit. Outside the network, care is subject to deductibles, coinsurance, and claim forms typical of indemnity plans.

HDHP In-Network and Out of Network Deductible is \$2,000 individual and \$4,000 for 2 person and family participants. After you satisfy your plan deductible all medical services are covered at 100% in network and 80% out of network. For prescription drugs all scripts are first applied to the same plan deductible then once you satisfy the plan deductible the prescription's will have a copayment. The pharmacy copayments of \$5 generic, \$25 brand name and \$40 non formulary will be charged once the deductible has been reached (up to an additional \$1,000 single and \$2,000 2 person and family). The plan year maximum out of pocket includes all medical and prescription drugs claims. The total out of pocket maximum in network will be \$3,000 individual and \$6,000 2 person and family. The total out of pocket maximum out of network will be \$4,000 individual and \$8,000 2 person and family.

POS In-Network Co-payment Maximum: All of your in-network co-payments will be applied to the annual in-network co-payment maximum of \$400 per participant or \$800 per family per calendar year exclusive of prescription drug benefit.

POS Out-of-Network Providers:

Participant deductible, per calendar year	\$200.00
Family unit deductible, per calendar year	\$400.00

Out-of-Network Benefits: When using Out-of-Network benefits Prior Authorization is required for all inpatient admissions and certain outpatient procedures.

To obtain Prior Authorization, please contact the Cigna Customer Service Department.

A flat penalty of 50% of the initial \$10,000.00 of covered expenses of the cost of the case per each non-certification occurrence is applicable to Out-of-Network reimbursement when the participant does not complete the Prior Authorization process.

General Exclusions: You are not covered for physical exams for employment, insurance, school, premarital requirements or summer camp (unless substituted for a normal physical exam); prescription drugs and some injectables dispensed by a physician in his or her office; dental services including oral surgery (unless services required as a result of an accident); routine eye exams (no illness or injury diagnosed), eyeglasses, or contact lenses; hearing aids; routine foot care; some transplant procedures; cosmetic or reconstructive surgery, unless medically

necessary; custodial services; injury or sickness caused by war or service in the armed forces; services of a person who is a member of your immediate family; services of a person who resides in your home; services of volunteers or persons who do not normally charge for their services; services given by a licensed pastor counselor or member of congregation provided in course of normal duties; weight-reduction programs; marriage counseling; or long-term psychiatric treatment.

Cigna will not duplicate any benefits to which members are entitled under Workers' Compensation, No-Fault.

The services, exclusions and limitations listed above do not constitute a contract and are a summary only. If you have any questions, please call the Cigna Customer Service Dept. at 1-800-XXX-XXXX.

Please Note: For any services listed for which a visit or dollar limit is indicated, In-Network and Out-of- Network Services count collectively toward the limit.

As the reasonable and customary process has been replaced by a system based on the Medicare Rate called "Maximum Allowable Cost or MAC", the City and the SPA agree that out-of-network rates will be established at a rate at least equal to the former 80th percentile level referenced above. The equivalent rate in 2016 is determined to be 300 percent of the MAC as per Cigna.
